

Laptop Readiness Worksheet

Answer these before installing anything. There's no wrong answer — this tells you what to expect.

1. Does it power on and boot reliably?

- ☐ Yes, starts up normally and holds a charge
 - ☐ Has an issue (note it):
-

2. Do the screen, keyboard, and trackpad work?

- ☐ Yes, all working
- ☐ Something doesn't (I can use an external one)

3. How much RAM (memory)?

- ☐ 8 GB or more — comfortable
- ☐ 4 GB — good with the Xfce edition
- ☐ 2 GB — usable; choose Xfce

4. About how much free storage? (need ~20 GB)

5. Do I have a spare USB stick, 8 GB or larger, I can erase?

- ☐ Yes
- ☐ Need to get one

6. Is there anything on this laptop I need to keep?

- ☐ Nothing important — ready to move on
- ☐ Yes — I will back it up first (Chapter 2)

Which edition will I install?

- ☐ Cinnamon (capable laptop, 8 GB+)
- ☐ Xfce (older hardware / 4 GB or less)
